Head	1

2024 Princess V40 – Delivered New May 2026 | Only Approx. 42 Engine Hours

An exceptional opportunity to acquire a **virtually new Princess V40**, delivered new in May 2026 and with only approximately **42 engine hours**.

This beautifully specified V40 combines the exhilarating performance and handling of the Princess V-Class with an unusually comprehensive equipment specification. Powered by **twin Volvo Penta D6-380 DP diesel engines**, she features **Volvo Penta with Joystick Driving functionality**, making both close-quarters manoeuvring and high-speed cruising effortless and intuitive.

The exterior is finished in classic **Princess white with Oyster Grey metallic detailing**, complemented by extensive teak to the side decks and foredeck. A **Scandinavian pulpit with bowsprit and ladder**, stainless steel forward anchor and a complete **aft anchoring system with electric windlass and remote control** make her particularly well equipped for Scandinavian boating.

The cockpit is designed for relaxed days on the water, with an **electric barbecue**, telescopic table and infill cushion creating an additional sunbed. Forward, there is a dedicated sunbathing area, while the full-height **grey Sunbrella canopy with removable side and aft sections** provides excellent protection when required. A Hurley cradle is fitted for a RIB or water scooter.

Below deck, the contemporary **satin-finished walnut interior** is complemented by carefully selected Quartz VIII fabrics, Maldives Ecru carpets and Koko White and Carrara White surfaces. The aft cabin features a **convertible double berth**, providing flexible accommodation for family and guests. Additional comfort is provided by **Eberspächer diesel heating throughout the interior and cockpit**, a heated bathroom floor and windscreen demist system.

The specification is equally impressive technically. A **4 kW ONAN generator with HydroHush exhaust system** provides independence away from shore power, while the navigation package has been upgraded to a **Volvo Penta/Garmin Glass Cockpit** with 16? and 7? multifunction displays, radar, autopilot with Shadow Drive, VHF, depth sounder and Northern Europe charts.

Entertainment is provided by a **Fusion Apollo audio system** with speakers in both the saloon and cockpit, wireless remote controls and a **32? saloon TV** integrated with the audio system.

Thoughtful factory options continue throughout the yacht, including dimmable interior and cockpit lighting, additional sound insulation, extensive pre-installed conduits for future equipment, Princess crockery and glassware, and David Mellor cutlery.

With **only approximately 42 engine hours since delivery**, this Princess V40 presents in exceptionally fresh condition and offers the rare opportunity to acquire a **highly specified, almost-new yacht without the wait for a new build**.

Key highlights include:

- Twin Volvo Penta D6-380 DP diesel engines
- Approx. 42 engine hours
- Delivered new May 2026
- Volvo Penta & Joystick Driving
- Garmin Glass Cockpit with 16? + 7? displays
